AN INDEPENDENT NEWSPAPER

Vol. 25 No. 49

GREENBELT, MARYLAND Thursday, July 27, 1961

By ELAINE SKOLNIK Granite 4-6060

It's a girl for Dr. and Mrs. Edward Stern, 11-S Ridge. Shari make her debut July 16, weighing 7 lbs. 11 1/2 oz. She joins a sister, Hillary.

There's a new addition in the Haggerty home, 6-L Hillside. Ellen Ann was born July 17, weighing 7 lbs. 1 oz. She has two sisters, Marion and Irene, and two brothers, Larry and Patrick. Grandma, Mrs. McLaughlin of Philadelphia, is here for a visit.

A very happy birthday to Mrs. Lucy Winsky and her daughter Marina, 3 Greendale, who will soon be celebrating birthdays. Marina will be six on August 2.

Best wishes to little Tommy Heard, 10-L Laurel, who will have a birthday on July 29.

Glad to hear that 6-year-old James Ward, 13-B Hillside, is recovering so quickly from recent surgery.

Happy birthday to Carol Harper, 2-A Northway, who celebrated her second birthday on Monday.

Sorry to learn that Patty Seay, 6-S Plateau, broke her finger. Hope it mends fast.

Birthday greetings to Bobby Howey, 2-J Laurel, who celebrated his third birthday.

The Stratton family, 3-R Research, spent the weekend in Front Royal, Virginia. They took home grandma, Mrs. Elizabeth Stratton, who was visiting in Greenbelt last week.

You could tell from the smudged faces of Mrs. Maley's and Mrs. Pugh's brownies and fly-ups that they enjoyed every day of their camp experience at Conestoga. The girls would like to thank City Manager McDonald for providing them a means of transportation and also the very congenial and helpful bus driver, Bill McBride.

Congratulations to Dave Falter, 4-B Gardenway, who won the Club Championship in golf at Glen Dale on Sunday, before the biggest galleries in the club's history. Cheering his father on to victory was son Tommy, who had caddied for dad all season.

Congratulations to Donald Kern, 5 Woodland, who captured the Maryland Rifle League men's title. Don fired 399X400 at 50 meters and 394 at 50 yards to top the telescopic sight competition.

Houseguests of the Geller family, 117 Northway, were Mr. and Mrs. Sam Lubin and daughter Shellen of Long Island, New York.

Happy birthday to Kurt Eastep, 45R Ridge, who celebrated his fourth birthday.

If any brownie or fly-up lost her plastic bag with brush and clothing, please call me at Gr. 4-6060.

Eight year old John Stewart, 12-A Laurel, found the treasure and won a Motorola Golden Voice stereophonic Hi Fi set on the Kellogg's Rice Krispie and Raisin Bran contest. Congratulations and thanks for letting us know that it can happen.

Kim Larson of Pocatello, Idaho spent last weekend with the C. Willard Skinners of 14-S Hillside Rd.

Mr. Russell Weikle has returned to Sartons, West Virginia, after a three-week visit with his

## Swimming Team Wins Match

The Greenbelt swimming team won its first match of the year last Saturday, defeating the Summit Hills team by the overwhelming score of 242 to 166. The local team, composed of youngsters age 7-17, won 27 firsts and 20 seconds out of 36 individual contests. They also won both relays.

Starring for the Greenbelt team were Gary Peacock, Harold Goldberg, Kathy Labukas, and Rose Marie Aulisio, each of whom won 3 firsts. Martin Haker, Linda Cobb, and Kendra Keeney also contributed to the victory with two firsts each.

This Saturday at 9 o'clock the Greenbelt team will meet Takoma Park here at the local pool. It is hoped that many Greenbelters will be on hand to cheer the youngsters on to another triumph.

## Little World Series

The Greenbelt Little League World Series starts Saturday, July 29, 1961, at 2:30 p.m. at McDonald field. This is a 2 out of 3 series, and will continue through Saturday, Sunday, and Monday if necessary. The DAV Tigers, last year's champs, will again take the field looking for another city championship.

With pitchers like A. J. Nuzzo and Paul Opperman backed by the hitting of O'Connell and Bingham, the Tigers are ready to howl.

The Pepsi Cola athletics, winners of the American League Championship, will be ready to meet the Tigers with their one-two punch of Moraz and Rogers.

## FRENCH CLASS

Greenbelt's first session of summer French classes is drawing to a successful close this week, with an enthusiastic group of youngsters counting, singing, playing games, and making up complete sentences all in French. Their teacher, Mme Michelle Calipodis, has been busy recalling all the games of her childhood in France, and is impressed with the quick response of her pupils. The Foreign Language Association has been so pleased with the success of this first session that it is planning a second session from July 31 to Aug. 18. There are still a few openings to make up the necessary 30 students. Anyone interested in enrolling may call Mrs. White at GR.4-7123.

## Committee Appoints

William Helm, chairman of the committee appointed to consider the proposals advanced by Bernard Bordenet at the annual membership meeting of Greenbelt Homes, Inc., has announced the following additions to his committee: Henry Lyons, John O'Mahony, Charles Cormack, Sr., Howard Kash, George Beauchamp, and Bruce Bowman. Other members of GHI interested in serving are asked to contact Helm.

## New Paving System For City Streets

Greenbelt's Department of Public Works has adopted a new plan for paving the city roads, and it will go into effect within the next month. Money was allotted in the budget for this trial of a new type of surfacing, which is said to be an improvement over the one formerly employed.

The old method involved patching with a sealing compound of chips and liquid asphalt, and its average life expectancy was three years. The new material, which has been used successfully throughout the country in recent years, is called "smooth surface seal asphalt." The entire surface of the road is ceives a coating of asphalt, 1/2 to 3/4 of an inch thick; it has a life expectancy of seven to ten years. The new method costs about one and a half times as much as the old.

The initial area to be repaved starts at Westway and Crescent, and will continue up the hill to Ridge and then down Ridge to Southway. Westway will then be paved. The new type of surfacing will only be used to cover the existing roadway, which varies in width from 21 to 22 feet. Those areas of the shoulder which have been used for parking will be repaved in the older type of material, as it is more economical and a highly durable surface is less necessary there than in the heavily travelled roadway itself.

Work will begin on the shoulders; certain stretches of grass adjacent to the roadway will also be paved to provide more parking space.

The roadway itself will be resurfaced in segments, and probably one lane at a time, to minimize the re-routing of traffic. Access to the parking courts will present certain difficulties, for the newly-laid asphalt takes approximately 72 hours to harden.

## Credit Union Dividend

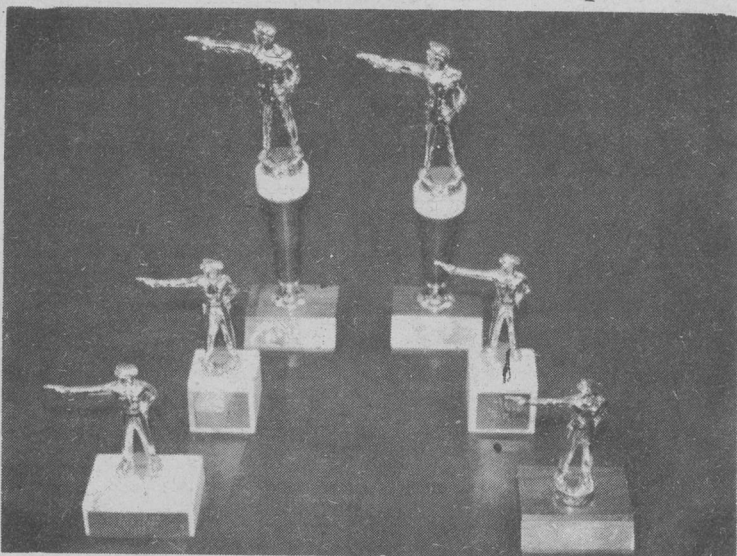

The Board of Directors of the Greenbelt Federal Credit Union has voted to continue the 5 percent per annum dividend rate. Dividends of 2-1/2 percent for the half-year ended June 30 have been entered on members' accounts. Members are asked to bring in or mail in their passbooks to have the dividends entered.

## All Stars- Managers

In the battle of the has-beens against the cream of the Greenbelt Little League, the booming bats of the has-beens were too much for the All Stars. With "Hard Rock" Hudson pitching and Slim Dean catching, backed by the home runs of Shegogue, Lippy Kellaher, and Hudson, the has-beens won, 16 to 14. This game produced many heroes and "Goats" - also one monkey-Lonnie Palmer who climbed the fence to try to stop a home run. Those who missed seeing this game missed the show of the year. Jerry Lewis couldn't have put on a better Variety show, and if you don't believe it take a look at all the "has-beens" hobbling around town with their aches and pains! Managers 16 - All Stars 14.

## Police News

### Local Marksmen Win Six Trophies

A five-man Greenbelt team attended the recent pistol match at Sparrow's Point, Maryland, and returned home with six trophies. Some 400 policemen participated in the meet, with approximately 100 men competing in each event. The police officers from Greenbelt were Chief James Williams and Officers Herb Faulconer, Paul Reamy, C. Lee Byrd, and Marshall Zoellner.

## GCS Sells Center

The News Review was informed this week that Greenbelt Consumer Services Inc., has sold the Center to a private individual. The sale is said to include all the property at the Center, with the exception of the Co-op premises, which GCS did not own. The transfer of property is expected to take place within the next week or two.

City Manager Charles McDonald was asked to comment on what this change of ownership might mean to the city of Greenbelt. He said: "I hardly think our relationship with any owner of the Center could be better than our relationship with GCS, which has been very good. I guess there just wasn't enough profit in it for the Co-op to retain the property."

## Siren Notes

By RITA FISHER

Two local brush fires were reported in Greenbelt, one on July 20, the other on July 21.

On July 24, as a result of the very heavy rainstorm, the men were called to assist residents in the apartment building at 30 Crescent. Water from a spout was pouring from the top floor outdoor porch of a resident through the apartment to the hall, and leaking into adjacent apartments. The water also ran through the wall into the apartment of a resident of 28 Crescent. The firemen corrected the situation and helped clean up the mess.

The Rescue Squad made one routine transport last week, taking a Greenbelt resident home from Johns Hopkins Hospital in Baltimore.

On Tuesday, July 25, a seven-year-old girl was injured at the swimming pool when she tried to jump from the side of the pool backwards; she struck her chin and cut it. She was carried to the doctor's office for further treatment, after the men had applied a temporary bandage.

Two O-B's had the men running on Saturday morning. The first emergency trip was made at 8:14 a.m., and there was a notation - "did not deliver-whew" - on the call sheet. The next call came at 10:38, without a comment. Welcome, new Greenbelters.

## Lee New CPA

Ronald R. Lee, 21-A Ridge, was one of 41 applicants in the state of Maryland who passed the C.P.A. examination in May. Lee, a graduate of the University of Maryland, is a government employee. He is married and has three children.

A young boy was bitten by a dog on Tuesday, and police charged the dog's owner with allowing a dog to run loose.

On Friday, a resident of Laurel Hill reported to police the loss of two spotlights from his car.

Members of the Greenbelt Swimming Team were unable to practice on Friday morning because of carelessly thrown beer bottles. Although some bottles landed in the water without breaking, there was evidence that at least one bottle had broken on the pavement alongside the pool. Additional fragments of glass were visible on the bottom of the pool itself. The lifeguards cleared away the glass that morning, with the help of an underwater vacuum cleaner. Police advise residents to report persons carrying beer bottles in the area of the pool, ball field, or shopping center.

Two bicycles were reported stolen from outside the entrance to the pool. Neither bike had a license attached. Police suggest that youngsters use locks when they leave their bicycles unguarded.

At 8:48 Friday evening, police received a report that two nine-year-old girls had been missing since 3:30 that afternoon. Later that night, a report from the Hyattsville Police station came in, to the effect that the two girls had been brought there by a couple who had picked them up late that night as they were walking along University Boulevard near the University of Maryland. The girls claimed that they were walking to the home of a grandmother of one of the youngsters, in University Hills. They were returned to their families.

A minister in Greenbelt reported to police that he had heard a group of noisy juveniles at around 1:45 a.m., followed shortly thereafter by the sound of breaking glass. On investigation, the minister found that a rotten potato had been thrown, obviously by the juveniles, through a closed window in his home. During the day, the same minister reported a small fire in the hedges at the church, caused by tossed firecrackers.

Three auto accidents were reported last week, with no reported personal injuries. The first occurred on Glendale Road near the parkway on Wednesday. Because of road construction, that stretch of road is at present a single lane. Faulty signalling by the man directing traffic with a flag signal resulted in a truck's running into a car, which had stopped to let other cars pass in the opposite direction. Damage to the car was estimated at \$100. The traffic signaller was assigned to another job.

On Friday, the driver of an auto going along Ridge Road between Southway and Westway claimed that he fell asleep at the wheel

Another  
YELLOW PAGES  
Success Story

"With the help of  
our Yellow Pages  
advertising,  
we doubled  
our annual  
gross volume  
in just  
5 years!"

report Jimmie Hilton and Gilbert Dodd,  
partners of Community Auto Service, Bethesda, Maryland.

"In 1935 Community Motors was established, and we were a part of the original organization," recall Jimmie Hilton and Gilbert Dodd. "Twenty years later we assumed ownership with a grand total of nine employees. The name was changed from Community Motors to Community Auto Service."

"By 1960, our staff had grown to 25 and we had more than doubled our annual gross volume."

"Why? Because our Yellow Pages advertising brings us lots of new customers. And these people nearly always come back. They recommend us to their friends, too."

You'll find that Yellow Pages advertising will help your business grow, too.

That's because nearly everyone in your trade area looks first in the Yellow Pages for anything.

The Yellow Pages help introduce you to newcomers in your community, too. Many companies estimate that as much as 75% of their new business comes from their Yellow Pages advertising.

Invest in success with Yellow Pages advertising. Call your C & P Business Office and ask for one of our Yellow Pages representatives, soon.

It's all  
in knowing  
how...

Major factors in making PEPCO's "Matchless Service" truly "Matchless" are the resourcefulness and knowledge of PEPCO's engineers. It takes a vast amount of technical knowledge to translate PEPCO's nearly half-billion dollars worth of property and plant into work-saving, time-saving Electricity. And it requires a high degree of engineering know-how to plan, build and operate the new generating, transmission and distribution facilities needed to assure your future power supply.

PEPCO's engineers are well-trained technically when they come to us; and they continue to broaden their engineering knowledge once they are here, to stay abreast of new developments.

Together with the other well-trained men and women who staff PEPCO desks, trucks, plants and other facilities, they constitute a dedicated team that functions 24 hours a day, in all kinds of weather, to bring you an abundance of "Matchless Service," at lowest practicable cost.
